PROFILE

Senior Nuke Compositor with 13 years of professional experience across feature films, high-end commercials and television. Studio experience includes **Scanline VFX, Rising Sun Pictures, The Mill and MPC**. Comfortable taking complex shots from initial setup through to final delivery, collaborating with supervisors and working independently in remote teams.

An additional **two years of professional software development** brings a strong technical foundation and a practical approach to troubleshooting. Recent freelance collaborations include **JAMM, Time Based Arts and Cheap Shot**.

CORE SKILLS

Compositing	Nuke · complex shot setup · shot finishing · final delivery
Production	Feature films · television · high-end commercials
Remote collaboration	International teams · supervisor feedback · independent delivery
Technical background	Swift · Python · software development · technical problem-solving

VFX EXPERIENCE

Nuke Compositor | Selected studio collaborations

Scanline VFX · Rising Sun Pictures · The Mill · MPC · Time Based Arts · JAMM Visual · Brash · Electric Theatre Collective · Untold Studios

- Delivered compositing work across film, television and commercial productions.
- Handled complex Nuke shots independently, from initial setup through final delivery.
- Worked remotely with international teams, communicating clearly with supervisors.
